## 1. DESCRIPTION

COLLA PER TESSUTI is a transparent paste adhesive, ready to use for non-woven wall coverings SARTI IN PARETE.

Characterized by high resistance and performance, it does not stain, even in the case of dark colors. Low VOC.

## 2. USE

Wall gluing of our SARTI IN PARETE line, for interiors only.

The product is not suitable for non-absorbent, imperfect surfaces and damp walls.

## 3. SUBSTRATE PREPARATION

Correct preparation of the substrate is essential for a perfect finish. Proceed therefore with the elimination of any loose or flaking paint or plaster, taking care to wash or brush any presence of mold and dust.

All substrates must be dry, absorbent and free of paint and oil. Any cracks or holes in the wall must be filled with a light filler and in case of imperfections smooth with a normal plaster filler. It is always advisable to apply an acrylic fixative for consolidation and cleaning.

## 4. APPLICATION METHOD

The product is ready for use, apply directly onto the wall with the PE10 brush, taking care not to leave excess material.

## 5. TOOL CLEANING

Clean the tools with water immediately after use.

It is recommended to clean any leaks from the joints with a damp sponge.

COLLA PER TESSUTI does not stain.

## 6. SAFETY INDICATIONS AND HAZARD IDENTIFICATION

The product does not require labelling according to current regulations. Use the product according to current health and safety regulations; after use, do not dispose of containers to the environment; let residue dry thoroughly and handle as special waste. Keep out of the reach of children. If swallowed, seek medical advice immediately and show this container or label. Do not empty into drains, waterways or soil.
